- Batteries should only be inserted or changed by an adult.
- Switch the toy to the off position before inserting batteries.
- Insert batteries correctly in the manner shown elsewhere on the toy or packaging.
- Only use the same batteries.
- Do not leave batteries in the toy for long periods of time.
- Do not use rechargeable batteries.
- Remove exhausted batteries safely - do not throw on a fire or attempt to open up the outer case.
- At all times keep small batteries which could be a choking hazard to children out of their reach.
- Seek medical advice if a small battery has been swallowed by a child.
- Non-rechargeable batteries are not to be recharged.
- The supply terminals are not to be short-circuited.
